CRYSTAL VIEW WEEKLY

SIS,ET – THE ELDER MOON (DECEMBER)

The Elder's hair holds and shields the elderly people who share the teachings, the beliefs, the history and the culture with the children who are gathered in the warmth of the firelight. This is the oldest of the moon family and means the elder. It is also the time when teaching occurs. In reality this is not the first month but the last in the yearly cycle of the moons. It is at this time of year when the earth is at its farthest point from the sun and the Winter Solstice occurs
